

# Come Out Tonight – © 2022 Kaufman & Perri

I ain't gonna lie I love silk sheets, taste 'a somethin' in my tea  
Solid oak bars, driving fast cars, alligator boots ain't a bridge too far  
Tool my king cab up your block, give your door that little knock  
Give up everything I got to take you out with me yeah

Come out tonight, come out tonight

Do it red dirt dirty

Grind our boot heels in the ground

And, get the game on early

Come out tonight, come out tonight

The party's waitin'

Come on break your rules, I want you girl so bad

'Sup to you, come out tonight (yep)

(Come out tonight, come out tonight, yeah)

Love an uptown skillet fry, black-eyed peas and yellow rice  
Shootin' big guns, smashin' two tons, cigarette boat yeah my kind 'a fun  
Love a bull ride Friday night, rodeo beneath the skies  
Jonnie Walker color blue but you got something better  
You're what makin' love looks like, only thing can make me sigh  
Girl the night is ticking by let's stop the clock together

LAST CHORUS TURNAROUND:

And all them rules you got, yeah they were made for breakin'
