

## The Angel I Need – © 2020 Kaufman & Perri

Love sure is complicated, a keep you guessin' merry-go-round  
Two-sided juke box record, "A" jacks you up, "B" knocks you down  
Known girls turn your head 'round looking, shooting guns stealin' all your sleep  
Like a drug keep your heartbeat tickin', but here's the rub that's killing me

Sweet tang of country girl in your kiss, lands like honey here on my lips  
Brain says fold 'em, heart says call, I'm half-way to heaven hey who's got it all?  
Out with the boys on a Saturday night, losing my head she's naughty she's nice  
Shoot me quick put me out of my misery, the devil I want, the angel I need

Meet you downtown little bar hoppin', party girls all batting their eyes  
Here you come blue jeans and a snapback, still my heart I'm a lucky guy  
Love ain't just making out with your eyes, takes way more to make it fly  
Devil knows what we want inside, thank God sent an angel for my bride

Sweet tang of country girl in your kiss, lands like honey here on my lips  
Brain says fold 'em, heart says call, no friend of the devil but you got it all  
Out with the boys on a Saturday night, losing my head she's naughty she's nice  
Shoot me quick put me out of my misery, the devil I want, the angel I need

Just hold me angel close don't let me fall  
There's a devil of a shadow on the wall

Sweet tang of country girl in your kiss, tastes like honey here on my lips  
Brain's all in, my heart says call, I don't want a little, no I want it all  
Out with the boys on a Saturday night, who am I foolin' I need you all right  
Shoot me quick put me out of my misery, the devil I want, the angel I need

You're the angel I need (REPEATS)  
God sent me an angel (REPEATS)
