I ain't holdin' back it's quittin' time (**blow the whistle, brother, whoo**)

Got a destination meet some friends 'a mine (**yep, take it down**)

We'll be sippin' it up yeah dippin' it up 'fore the lights go out we'll be rippin' it up
(**that's right, hmm mmm, that's right**)

See we're all pretty at good makin' bad decisions, got our P's and Q's off 'a television

Watchin' cop show bad boys playin' it wrong, check me and my homies all sailin' along
(**downtown, hit it**)

Goin' out Tonight, this posse's got an appetite

Yeah get the downtown rockin' do a lotta bar hoppin'

Find them party girls drinkin' all battin' their eyes

Goin' out tonight, wing man stickin' to my side

Yeah keep the cold beers comin' that eight-ball hummin'

Little slow down dancin' cute lady holdin' on just right, (**yeah**)

Hey, goin' out tonight

(**Goin' out goin' out, goin' out goin' out tonight, Goin' out goin' out**)

Y'all thinkin' 'bout a chicken fry? Get a five-piece dinner your choice 'a sides?
(**Sounds right, uh huh, Junior's in the kitchen**)

Take a turn win it all that buckin' machine, little twist little shout baby step off clean
(**yeah, better ride 'em!**)

Or maybe hit tequila and taco night, little roshambo and the loser buys

Only thing is boys we gotta stick together, like peas and carrots like salt and pepper
(**Oh yeah, hey**)

Y'all what lifts me up so high, desperadoes do or die (**Hey**)

Boys the night is tickin' by, live every second right (**yeah**)

Goin' out tonight Goin' out tonight...

(**Goin' out goin' out, goin' out goin' out tonight, Goin' out goin' out...**)
