

Jonesin' on You Girl – © 2018 Kaufman & Perri

Yeah I got a whale of a habit bustin' a hole in my pocket
Weighing me down girl what a cravin' (cravin')
Hard keeping up with the Jones using more sugar than ever
No Sweet-n-Low no no no never changin' (changin')

Only you can stop the scratchin' cool me down over-reactin'
Get my fix all ready turn me on a dime I need it
Up here to my eyelids every inch is like a mile it's
Getting harder every trip I take to find a way to feed it

Jonesin', jonesin' on you girl
Nothing right in the world
But your remedy lovin' me
Jonesin', jonesin' on you girl
Nothing gonna fix me girl
But your remedy lovin' me (that's right)

You make me laugh like a crazy make me sleep like a baby
Drive me nuts with your maybes (maybes)
I'm down to my bolo tie spiking my pulse staying high
Just gotta have it again baby (save me)
